

E2EXC-1AG (ExpressCard 34 to PCIe / USB Adapter)

E2EXC-1AG is PCI Express interface to ExpressCard Adapter, which accepts 34mm express card and allows ExpressCard's without power off the system. So, by installing this card into an unused PCI-Express slot, it will allow the users to go back and forth between your laptop and your desktop PC without any problems.

System Requirements

- One [PCI Express \(PCIe\) expansion slot](#) (X1, X4, X8, or X16) on motherboard – Standard profile slot.
[Please make sure that the motherboard of your desktop computer is equipped with a PCI Express (PCIe) expansion slot, **not** the regular [PCI expansion slot](#) !]
- One USB 2.0 port. [Internal USB port is preferred]

Warning:

*Do NOT hot-swap ExpressCARD adapter to avoid the possibility of data lost!
Please apply "safety removal" before removing ExpressCard.*

Package Content

- PCI Express Interface Card with an ExpressCard 34 Socket
- USB cable: Dupont 4PIN to 4PIN USB cable

Features

- Easy Installation, Plug and Play; Enable hot-plug and hot-swap
