

P30S-P30F

PCIe x16 PCI Express Riser Extender

Product > Extender Board > P30S-P30F

First Impression

The P30F-P30F is design as PCIe extender. That allow user extend the PCIe Card.

The PCI-E extender is designed to minimize the signal degradation effects of the extender by proven design techniques.

It's also a powerful tool for engineers, or use for PCI-E test protection.

Function

- ◆ High quality flexible FFC cable comes with noise filter ring.
- ◆ High-quality anti-shedding FFC latch.

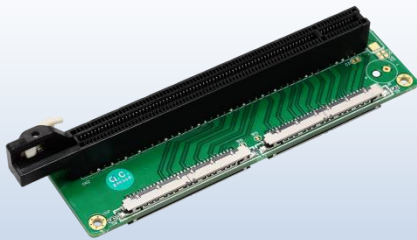

Specification

- ◆ Compliant with PCI Express Specification: Maximum 20Gbps. (2.5Gbps x8).
- ◆ Cable length can be customized as required.
- ◆ Certification : RoHS

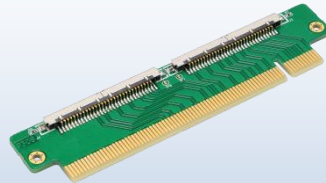

System Requirements:

- ◆ PC main-board (mother-board) with an available PCI express slot x16.

P30S-P30F Package Contents

P30F
PCIe x16 slot (edge) x1

P30S
PCIe x16 head (gold finger) x1

FFC cable 20cm
(FFC cable comes with noise filter ring) x4
